

# CALL FOR PRESENTERS

ITS Nook 2024: Large Language Models (LLMs)

## Calling all practitioners, researchers, and government employees.

Are you an expert in the intersection of cybersecurity and artificial intelligence? We invite you to share your insights and research at this year's ITS Nook conference, dedicated to exploring the impact of LLMs on insider threats.

This year, we are spotlighting the unique challenges and opportunities presented by **LLMs in the realm of insider threats**. We are seeking presentations that include, but are not limited to, the following topics:

- Identifying and mitigating insider threats enabled or exacerbated by LLMs.
- Techniques for securing LLMs against misuse or malicious intent.
- Case studies and real-world applications related to insider threats and LLMs.
- Best practices for integrating LLMs into existing security frameworks.
- Ethical considerations and policy recommendations for managing LLM-related risks.

## SUBMISSION GUIDELINES

- Abstracts should be no more than 300 words.
- Include the details of the presenter(s).
  - Name, organization, title, email address.
- Presenters will be notified on a rolling basis.
- ITS Nook will not accept abstracts that serve as strictly promotional material for your company.
- **Submissions are open until September 30, 2024.**

## HOW TO SUBMIT

Please send your abstract and presenter information directly to our Event Coordinator, Lauren McCabe, at [lauren.mccabe@advancedonion.com](mailto:lauren.mccabe@advancedonion.com).
